👤 Profile

I am Anjali Kushwaha, a second-year CSE student at VIT Bhopal University, specializing in AI and ML. Driven by a passion for technology and problem-solving, I strive to continuously enhance my skills and stay updated with the latest advancements in the field. My strong communication and presentation abilities enable me to collaborate effectively. With a commitment to continuous learning and growth, I am eager to explore AI and ML further and contribute to innovative projects.

EDUCATION AND ACADEMIC ACHIVEMENT			
YEAR	**QUALIFICATION**	**INSTITUTE**	**CGPA/PERCENTAGE**
2023-2027	B-tech CSE AIML	VIT Bhopal University	2nd Year - 8.69
2020-2022	Class XII Science (PCM)	Kendriya Vidyalaya OF Khamaria Jabalpur MP	81.4%
2020	Class X	Kendriya Vidyalaya OF Khamaria Jabalpur MP	87.6%

HARD SKILLS		SOFT SKILLS	
DSA	MySQL	Communication	Teamwork
Python (Programming Language)	Microsoft Power Point Presentation	Creativity	Problem-solving
CSS	HTML	Time management	Patience
C++	Artificial Intelligence (AI)	Positive attitude	Presentation

Project Details

- Vit Helpsphere: December 2024

  Our project, "VIT HelpSphere," is a user-friendly website developed to simplify and expedite the process of raising complaints related to hostel and room issues. With a simple login system, students can easily submit their complaints, making the entire process fast, convenient, and accessible.

  As part of the team, my role involved designing and developing the Front-end of the website including project prototype. We built the website using MongoDB for the database, Nodejs for backend functionality, Streamlit for the front-end interface, and Scikit-learn for any data processing and machine learning tasks. Together, these technologies allowed us to create a seamless and efficient solution for the students.

Certification

- Fundamental of AI and ML by vityarthi (Issued on 26th April 2024)
- Python Essentials by vityarthi (Issued on 16 December 2023)
- C++ Problem Solving by CodeChef (Issued On 12th July 2023)
- Learn C++ by CodeChef (Issued on 10th July 2023)
- MATLAB Onramp by MathWorks (Issued On 20th August 2023)
